SOFTWARE DEVELOPMENT

ankitmittal.ca
Personal Project,
March 2017 – Present

Working on building a personal website using **HTML, CSS,** and **JavaScript** to present myself, my skills, and my resume to others. I also used **Amazon Web Services S3 and Route 54** to host my website.

CatchIT
Personal Project,
January – March 2017

Developed a graphics game in which the user must catch the falling objects from the sky before they contact the ground. First **object-oriented program**, and implemented the **Pygame library** and **livewires module**. Inspired by advice from the founder of DocUSign at **DefHacks in Redmond, WA**

FAQ.ts
HackTech,
California Institute of Technology
March 2017

Developed an intelligent Chat Bot to serve as a personal assistant to fight harassment in colleges. Built a webpage using **HTML & CSS**, hosted on **Microsoft Azure** and used **Microsoft and Twillio API's** for functionality. www.devpost.com/ankit1765
